Ongoing Projects

RODRIGO

Ongoing Projects in Real Estate

OPERATION AND MAINTENANCE OF THE LIMA CONVENTION CENTER

INVESTMENT AMOUNT: US$ 88.26 million (OPEX).

Operation, exploitation, conservation and integral maintenance of the Lima Convention Center, through an operation and maintenance agreement for fifteen years.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

RODRIGO

Ongoing Projects in Health

MANAGEMENT OF THE NATIONAL INSTITUTE OF CHILDREN'S HEALTH – SAN BORJA

INVESTMENT AMOUNT: US$ 233.28 million

This project consists of the operation and maintenance of the infrastructure and equipment, the provision of non-medical services (general) and two diagnostic support services (laboratory and sterilization). The PPP is for a 17-year period.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

RODRIGO

Ongoing Projects in Sanitation

WASTEWATER TREATMENT FOR FINAL DISPOSAL OR REUSE, CITY OF CAJAMARCA, CAJAMARCA, PERU

INVESTMENT AMOUNT: US$ 88.21 million (CAPEX) / US$ 26.47 million (OPEX)

The project is part of a co-financed private initiative under the concession modality for a term of 26 years. It includes the design, financing, construction, operation, and maintenance of a main wastewater collection system for the city of Cajamarca. This system will also incorporate the necessary infrastructure for the treatment and final disposal of an estimated average flow of 0.6 m³/s. The central objective of the project is to ensure the proper treatment of the wastewater generated in the city.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

HEADWORKS AND CONVEYANCE WORKS FOR THE DRINKING WATER SUPPLY FOR LIMA

INVESTMENT AMOUNT: US$ 486.26 million (CAPEX) / US$ 210.03 million (OPEX)

The project involves the design, financing, construction, operation, and maintenance of infrastructure aimed at expanding and improving the drinking water service in Lima. It is divided into two phases:

Phase 1 includes the design, financing, construction, operation, and maintenance of: (i) Huachipa II Plant to produce 5 m³/s (in two stages of 2.5 m³/s), including a main reservoir with a total volume of 160,000 m³; (ii) the 25 km South Branch conveyance line, which includes two tunnels totaling 7 km; (iii) five compensation reservoirs with a total volume of 69,000 m³; and (iv) interconnection pipelines with an approximate length of 65 km. It also includes the operation and maintenance of: (i) Huachipa Intake to capture a flow of 12 m³/s from the Rímac River; and (ii) Huachipa I Plant to produce a maximum flow of 5 m³/s of drinking water.

Phase 2 includes: (i) the improvement of the Pomacocha and Huallacocha Bajo dams to store 38 million cubic meters (MMC); and (ii) the construction of a 10 km Trans-Andean Tunnel from Pomacocha to the Blanco River.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2026.

RODRIGO

Ongoing Projects in Tourism

IMPROVEMENT OF PUBLIC TOURISM SERVICES IN THE CHOQUEQUIRAO ARCHEOLOGICAL PARK

INVESTMENT AMOUNT: US$ 260.92 million (CAPEX) / US$ 102.33 million (OPEX)

The main purpose of this Project is to optimize the provision of tourist services at the Choquequirao Archaeological Monument (MACH for its initials in Spanish) through the implementation of a modern cable car transportation system. This innovative solution will facilitate access to the archeological site and enrich the visitors' experience. This initiative seeks to take full advantage of Choquequirao's tourism potential, overcoming access difficulties and strengthening its position as a key destination both regionally and nationally.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

Ongoing Projects in Energy

"500 KV COLECTORA-BICENTENARIO-CHILCA LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS", "220 KV TINTAYA NUEVA - NUEVA SAN GABÁN LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS", "220 KV NUEVA SAN GABÁN - PUERTO MALDONADO LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)" AND "138 KV SAN ROMÁN - YOCARA - MARAVILLA (JULIACA) LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)".

INVESTMENT AMOUNT: US$ 444 million

Clic aquí para más información.

- The project is expected to be awarded during the second quarter of 2026.

"500 KV MIGUEL GRAU - PARIÑAS LINK AND SE PARIÑAS 500/220 KV, EXTENSIONS AND ASSOCIATED SUBSTATIONS", "220 KV FELAM - TIERRAS NUEVAS - SALITRAL LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "NEW SE PALIÁN 220/60 KV AND ASSOCIATED 220 KV AND 60 KV LINKS (ITC PROJECT)" AND "220 KV MUYURINA - MOLLEPATA LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)".

INVESTMENT AMOUNT: US$ 252 million

Clic aquí para más información.

- The project is expected to be awarded during the first quarter of 2026.

Mature Projects in Energy

"138 KV BELAUNDE TERRY - VALLE GRANDE LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "138 KV CAMPAS – YURINAKI LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "138 KV SHIPIBO – MANANTAY LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "NEW 220/60 KV SE VIÑEDOS AND ASSOCIATED LINKS (ITC PROJECT)", AND "220 KV LOS HÉROES – GARITA LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)".

INVESTMENT AMOUNT: US$ 122 million

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2026.

RODRIGO

Mature Health Projects

CENTRAL MILITARY HOSPITAL (LIMA)

INVESTMENT AMOUNT: US$ 442.2 million (CAPEX) / US$ 284.11 million (OPEX)

The co-financed private initiative “New Central Military Hospital” seeks to design, build, maintain and operate the Central Military Hospital; and arises due to the need for members of the Army to have a state-of-the-art hospital considering the most innovative topics in certifications such as LEED 2009, leadership in energy and sustainable design

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

RODRIGO

Mature Health Projects

SOLID WASTE MANAGEMENT OF THE MINISTRY OF HEALTH'S ESTABLISHMENTS IN LIMA

INVESTMENT AMOUNT: US$ 131.24 million (CAPEX) / US$ 47.31 million (OPEX)

The project consists of providing collection, transportation, treatment, and disposal services for solid hospital waste from the Ministry of Health's facilities in Lima and Callao for approximately 387 health facilities. It also includes the construction, operation and maintenance of facilities for the treatment of biocontaminated and special solid waste. The project will be co-financed by the State.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

II-2 HOSPITAL SULLANA

INVESTMENT AMOUNT: US$ 193.13 million (OPEX)

The project consists of the operation and maintenance of the Sullana II-2 Support Hospital in Sullana, Piura, including the provision of gray coat and green coat services.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

Mature Sanitation Projects

WASTEWATER TREATMENT FOR FINAL DISPOSAL OR REUSE, CUSCO PROVINCE

INVESTMENT AMOUNT: US$ 51.6 million (CAPEX) / US$ 46.47 million (OPEX)

The project contained in the co-financed private initiative, takes the form of a 23-year concession, and proposes making investments to expand the primary conduction capacity (interceptor) and wastewater treatment (San Jerónimo WWTP) of the existing infrastructure.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

EXPANSION AND IMPROVEMENT OF WASTEWATER COLLECTION, TREATMENT, AND DISPOSAL SERVICES IN THE TOWNS OF HUANCAYO, EL TAMBO, CHILCA, HUAYUCACHI, HUANCÁN, HUACRAPUQUIO, AND VIQUES, PROVINCE OF HUANCAYO, JUNÍN REGION

INVESTMENT AMOUNT: US$ 229.11 million (CAPEX) / US$ 181.13 million (OPEX)

The project involves the construction of a wastewater treatment plant (WWTP) to process the wastewater generated in the towns of Huancayo, El Tambo, Chilca, Huancán, Huayucachi, Huacrapuquio, and Viques. It also includes the construction of approximately 34 kilometers of primary and secondary sewers that will intercept the current discharges into the Mantaro, Chilca, and Ancalá rivers, channeling the wastewater to the WWTP. Additionally, 8 wastewater pumping stations (WWPS) and their respective pressure pipelines will be built..

Click here for more information.

- The project is expected to be awarded during the first quarter of 2026.

Mature Sanitation Projects

POTABLE WATER SERVICE THROUGH SEAWATER DESALINATION IN THE URBAN AREA OF ILO, MOQUEGUA, PERU

INVESTMENT AMOUNT: US$ 110 million (CAPEX) / US$ 64.09 million (OPEX)

The "Desalination Ilo" project aims to enhance the quality of life for urban residents in the El Algarrobal, Pacocha, and Ilo districts of the Ilo province in the Moquegua region. By desalinating seawater, the project will provide access to potable water and improve the surface water production system.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

PROJECT FOR WASTEWATER TREATMENT PLANTS IN THE CITIES OF TARAPOTO AND SAN JOSÉ DE SISA - SAN MARTÍN REGION

INVESTMENT AMOUNT: US$ 143.11 million (CAPEX) / US$ 71.47 million (OPEX)

The project is a co-financed private initiative for a 24-year concession that covers the design, financing, construction, operation, and maintenance of interceptors, pumping stations, wastewater treatment plants, and a discharge outfall for the cities of Tarapoto and San José de Sisa.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2026.

Mature Sanitation Projects

WASTEWATER TREATMENT FOR FINAL DISPOSAL OR REUSE, TRUJILLO AND CHEPÉN PROVINCES, LA LIBERTAD, PERU

INVESTMENT AMOUNT: US$ 425.08 million (CAPEX) / US$ 245.41 million (OPEX)

The project outlined in this co-financed private initiative is a 25-year concession that includes the design, financing, construction, operation, and maintenance of primary sewer collectors, wastewater pumping stations, force mains, sewer emitters, wastewater treatment plants, and discharge outlets for the cities of Trujillo and Chepén in the La Libertad region.

Click here for more information.

- The project is expected to be awarded in the second quarter of 2026.

RODRIGO

Mature Education Projects

CONSTRUCTION OF NEW EDUCATIONAL INFRASTRUCTURE FOR AT-RISK SCHOOLS IN METROPOLITAN LIMA

INVESTMENT AMOUNT: US$ 301.53 million (CAPEX) / US$ 202.67 million (OPEX)

This project consists of the replacement of educational infrastructure, the provision of equipment, as well as the maintenance of 13 public schools in the districts of Villa El Salvador and San Juan de Miraflores.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2026.

INTERVENTION OF AT-RISK SCHOOLS IN COMAS AND SAN MARTÍN DE PORRES

INVESTMENT AMOUNT: US$ 92.28 millones (CAPEX) / US$ 55.23 millones (OPEX)

The project consists of the construction, provision of equipment, complementary services and maintenance of infrastructure, furniture and equipment of 9 schools in Comas and San Martin de Porres.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2027.

RODRIGO

Mature Education Projects

REINFORCEMENT OF INFRASTRUCTURE, PROVISION OF EQUIPMENT AND MAINTENANCE OF SCHOOLS IN CUSCO

INVESTMENT AMOUNT: US$ 59.74 million (CAPEX) / US$ 39.36 million (OPEX)

This project consists of the replacement of the educational infrastructure, equipment, as well as the maintenance of 3 public schools in the districts of Cusco, Wanchaq and San Jerónimo.

Click here for more information.

- The project is expected to be awarded in the fourth quarter of 2026.

INTERVENTION OF AT-RISK SCHOOLS IDENTIFIED BY THE MINISTRY OF EDUCATION IN ATE AND SAN JUAN DE LURIGANCHO

INVESTMENT AMOUNT: US$ 142.21 millones (CAPEX) / US$ 83.42 millones (OPEX)

The project consists of the replacement of educational infrastructure, equipment, as well as the maintenance of 14 public schools in the Ate and San Juan de Lurigancho districts.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2027.

RODRIGO

Mature Education Projects

CONSTRUCTION, IMPLEMENTATION, MAINTENANCE AND OPERATION OF COMPLEMENTARY SERVICES OF PUBLIC EDUCATIONAL CENTERS IN VILLA MARÍA DEL TRIUNFO FROM UGEL 01 LOCATED ON LAND OWNED BY THE MINISTRY OF EDUCATION

INVESTMENT AMOUNT: US$ 70.33 million (CAPEX) / US$ 44.21 million (OPEX)

The project consists of the replacement of educational infrastructure, equipment, as well as the maintenance of 5 public schools in the Villa María del Triunfo district.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2027.

RODRIGO

Mature Transportation Projects

CHIMBOTE INTERNATIONAL TERMINAL

INVESTMENT AMOUNT : US$ 273.45 million (CAPEX) / US$ 173.18 million (OPEX)

The project consists of the design, financing, execution of investments, conservation, exploitation and transfer of the assets included as part of the new multipurpose port terminal project at the Port of Chimbote.

Click here for more information.

- The project is expected to be awarded in the second quarter of 2026.

NEW PORT TERMINALS OF LORETO (SARAMIRIZA AND IQUITOS)

INVESTMENT AMOUNT : US$ 140.94 million (CAPEX) / US$ 64.25 million (OPEX)

The project consists of building two port terminals in the provinces of Maynas and Datem, Loreto, to ensure an efficient provision of port services for cargo and long-distance vessels in Iquitos. It includes modern infrastructure, storage areas, docks, specialized equipment, and an operational structure that will optimize river transport, boost regional trade, and directly benefit local businesses while indirectly benefiting the Amazonian population.

Click here for more information.

- The project is expected to be awarded in the fourth quarter of 2026.

RODRIGO

Projects Under Evaluation

RODRIGO

Health Projects Under Evaluation

HIPÓLITO UNANUE NATIONAL HOSPITAL (LIMA)

INVESTMENT AMOUNT: US$ 250 million

The project, a private initiative, consists of improving the health services provided at the Hipólito Unanue National Hospital, located in El Agustino (Lima). This involves the construction, provision of equipment and maintenance of a new hospital, as well as the maintenance and operation of other general services. The project will be co-financed by the State.

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2026.

Health Projects Under Evaluation

IMPROVEMENT AND EXPANSION OF HEALTH SERVICES AT THE LAMBAYEQUE REGIONAL HOSPITAL (LEVEL III-1)

INVESTMENT AMOUNT: US$ 136.66 million

The project consists of the improvement and expansion of the specialised diagnostic areas, such as the clinical laboratory, nuclear medicine, blood bank and pathological anatomy, providing continuous 24-hour care. In addition, highly complex specialties such as oncology, maternal and child medicine, emergencies and critical care will be strengthened with the incorporation of new areas specially designed for a third level health centre.

Click here for more information.

- The project is expected to be awarded during the third quarter of 2028.

LAMBAYEQUE HIGH COMPLEXITY HOSPITAL

INVESTMENT AMOUNT: US$ 241.51 million

The project consists of the construction and equipping of a modern, highly complex Macroregional Hospital, as well as staff training, with the aim of benefiting the population of the Lambayeque region. This new facility will offer a wide range of services, including outpatient care, procedure and operating rooms, emergency care, obstetric care, diagnostic imaging, blood bank, intensive care units, pharmacy, rehabilitation, nutrition, haemodialysis, dialysis, chemotherapy, among others.

Click here for more information.

- The project is expected to be awarded during the third quarter of 2028.

Energy Projects Under Evaluation

"NEW SE MOCHE 220/138 KV AND ASSOCIATED 138 KV AND 220 KV LINKS (ITC PROJECT)", "220 KV MIGUEL GRAU - SULLANA LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "220 KV MIGUEL GRAU - CHULUCANAS LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "220 KV MIGUEL GRAU - CHULUCANAS LINK, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", "NUEVA SE ANTUQUITO ESTE 220/50 KV AND ASSOCIATED 220 KV AND 50 KV LINKS (ITC PROJECT)" AND "138 KV LINK NUEVA VIRU - TRUJILLO SUR, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)", AND "138 KV LINK NUEVA VIRU - TRUJILLO SUR, EXTENSIONS AND ASSOCIATED SUBSTATIONS (ITC PROJECT)".

INVESTMENT AMOUNT: US$ 137 million

Click here for more information.

- The project is expected to be awarded during the third quarter of 2026.

Hydrocarbon Projects Under Evaluation

INTEGRATED GAS TRANSPORTATION SYSTEM IN SOUTHERN PERU (SITGAS)

INVESTMENT AMOUNT: US$ 4320.8 million

The project consists of the development of a pipeline system to transport natural gas to the south of the country, specifically to the regions of Cusco, Arequipa and Moquegua. In addition, it will supply the energy node formed by the Mollendo and Ilo thermal power plants.

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2028.

NATURAL GAS DISTRIBUTION BY DUCT NETWORK IN THE AREQUIPA, MOQUEGA AND TACNA REGIONS

INVESTMENT AMOUNT: US$ 60 millones

The project has three components: 1) Natural liquified gas supply and ground transportation, 2) District stations (regasification of GNL) and 3) NG Distribution System up (costruction, operation and maintenance of the Distribution Networks (pipelines) of NG up to the users, in Arequipa, Moquegua and Tacna.

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2026.

Hydrocarbon Projects Under Evaluation

CUSCO REGIONAL GAS PIPELINE AND FRACTIONATION/LPG PLANT

INVESTMENT AMOUNT: US$ 1000 million

The project consists of transporting natural gas from Camisea to the Cusco region (Quillabamba, Anta, and Cusco) to promote the widespread use of natural gas in households, commerce, industry, and power generation, and to reduce energy costs.

Click here for more information.

- The bidding process has not yet been called.

Sanitation Projects Under Evaluation

WASTEWATER TREATMENT FOR CAÑETE

INVESTMENT AMOUNT: US$ 144 million

The project, of private initiative, comprises the design, financing, construction, operation and maintenance of sanitation infrastructure to treat the wastewater of the following districts: Cerro Azul, Asia, Quilmaná, San Antonio, Mala, San Luis, and others.

Click here for more information.

- The project is expected to be awarded during the third quarter of 2026.

DESALINATION PLANT IN LAMBAYEQUE

INVESTMENT AMOUNT: US$ 48.9 million

The project will consist of the construction, operation and maintenance of a seawater desalination plant to supply potable water to the urban area of the province of Lambayeque, in northern Peru.

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2027.

RODRIGO

Sanitation Projects Under Evaluation

DRINKING WATER SERVICE THROUGH SEAWATER DESALINATION AND WASTEWATER TREATMENT SERVICE WITH COMPLEMENTARY INFRASTRUCTURE IN 6 DISTRICTS OF THE PROVINCE OF TALARA

INVESTMENT AMOUNT: US$ 293.7 million

The project consists of improving and expanding drinking water services through seawater desalination in the Talara area (covering six districts) and wastewater treatment in the urban area of the province of Talara.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2028.

SANITATION SERVICES IN IQUITOS, LORETO

INVESTMENT AMOUNT: US$ 108 million

The project contemplates the expansión and improvement of the sanitation seawage system and the wastewater treatment in the urban area in the province of Maynas, department of Loreto.

Click here for more information.

- The bidding process has yet been called.

RODRIGO

Sanitation Projects Under Evaluation

RURAL SANITATION IN THE LORETO REGION

INVESTMENT AMOUNT: US$ 89.21 million (CAPEX) / US$ 40.97 million (OPEX)

The project would consist of implementing potable water and sanitation services in rural areas of Loreto.

Click here for more information.

- The project is expected to be awarded in the first quarter of 2027.

DRINKING WATER SERVICES IN CAJAMARCA

INVESTMENT AMOUNT: US$ 180 million

The project contemplates the expansión and improvement of the potable water supply system in Cajamarca.

Click here for more information.

- The bidding process has not yet been called.

RODRIGO

Sanitation Projects Under Evaluation

SANITATION SERVICIES IN CHANCHAMAYO AND CONCEPCIÓN, JUNÍN

INVESTMENT AMOUNT: US$ 43.3 million (CAPEX) / US$ 204.71 million (OPEX)

The project contemplates the improvement of the residual water treatment system in Chachamayo and Concepción, Junín.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2027.

SANITATION SERVICES IN TUMBES AND CONTRALMIRANTE VILLAR

INVESTMENT AMOUNT: US$ 238.22 millones

The project contemplates the improvement of the drinking water supply system, improvement of the sanitary serwer system and the creation of the residual water treatment system in Tumbes, San Juan de la Virgen, Pampas del Hospital, Corrales, San Jacinto, and the districts of Zorritos, Casitas and Canoas of Punta Sal, Tumbes.

Click here for more information.

- The bidding process has yet been called.

Sanitation Projects Under Evaluation

SANITATION SERVICES IN THE URBAN AREA OF HUAURA AND BARRANCA

INVESTMENT AMOUNT: US$ 50 million

The project contemplates the expansión and improvement of the sanitation seawage system and the wastewater treatment in the urban area in the provinces of Huaura and Barranca, department of Lima.

Click here for more information.

- The bidding process has not yet been called.

SANITATION SERVICES IN SAN IGNACIO, CAJAMARCA

INVESTMENT AMOUNT: US$ 25 million

The project contemplates the improvement of the residual water treatment system in San Ignacio, Cajamarca.

Click here for more information.

- The bidding process has not yet been called.

RODRIGO

Sanitation Projects Under Evaluation

CREATION OF THE DRINKING WATER TREATMENT PLANT FOR 4 DISTRICTS IN THE PROVINCE OF TUMBES

INVESTMENT AMOUNT: US$ 90.24 million

The project involves the expansion and improvement of the drinking water supply system (collection, piping and treatment) for human consumption in the districts of Tumbes, San Jacinto, San Juan de la Virgen and Pampas de Hospital in the province of Tumbes. Through the implementation of two surface water intake units and two drinking water treatment plants for the production of drinking water and the implementation of pipelines, impulsion lines, elevated reservoirs and supported reservoirs for the conduction and storage of water.

Click here for more information.

- The bidding process has not yet been called.

PROJECT FOR THE CAPTURE, PRODUCTION, TRANSPORTATION, AND PRIMARY SUPPLY OF DRINKING WATER FOR SEDAPAL'S DISTRIBUTION NETWORK IN THE NORTHERN DISTRICTS

INVESTMENT AMOUNT: US$ 102.5 million

The project aims to ensure the continuous supply of drinking water for the northern districts of Lima and to guarantee the required water provision for the operation of the Ancón Industrial Park (PIA), through the implementation of a desalination plant with a production capacity of 86,400 m³ of drinking water per day.

Click here for more information.

- The project is expected to be awarded during the first quarter of 2027.

Transportation Projects Under Evaluation

THIRD GROUP OF AIRPORTS

INVERSTMENT AMOUNT: US$ 220 million (CAPEX) / US$ 95 million (OPEX)

The Project consists of the modernization, rehabilitation, improvement, operation and maintenance of the airports located in Jaén, Huánuco, Jauja, Ilo, Rioja, Chimbote, Yurimaguas and the operation and maintenance of the Chinchero International Airport located in Cusco.

Click here for more information.

- The project is expected to be awarded during the fourth quarter of 2026.

NEW PORT TERMINAL OF PUCALLPA

INVERSTMENT AMOUNT: US$ 181.08 million (CAPEX) / US$ 155 million (OPEX)

The project consists of modernizing the Port of Pucallpa to operate with a greater capacity (more than 800,000 tons of cargo during its first year of operation), strengthening the exchange of goods between Lima and the Ucayali and Loreto regions.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2027.

Other Projects Under Evaluation

CHINECAS PROJECT

INVESTMENT AMOUNT: US$ 3800 million

It consists of capturing part of the waters of the Santa River to improve, strengthen and expand the regulated water provision service for irrigation of the Chinecas Project in the provinces of Santa, Casma and Huarmey in the department of Ancash. Likewise, it will serve to supply water for population use.

Click here for more information.

- The project is expected to be awarded during the second quarter of 2027.

CHAVIMOCHIC AGRICULTURAL LAND AUCTION

INVESTMENT AMOUNT: To be defined

A tender will be launched for the acquisition of agricultural land developed by the Chavimochic project in the northern region of La Libertad.

Click here for more information.

- The bidding process has not yet been called.

Other Projects Under Evaluation

AUCTION OF AGRICULTURAL LANDS IN MAJES-SIGUAS

INVESTMENT AMOUNT: To be defined

A tender will be called for the acquisition of agricultural land, developed by the Majes-Siguas Project in the southern region of Arequipa.

Click here for more information.

- The bidding process has not yet been called.

CONCESSION FOR THE PROVISION OF PUBLIC TELECOMMUNICATIONS SERVICES AND FOR ALLOCATING THE FREQUENCY RANGES 3,300 – 3,400 MHz, 3,600 – 3,800 MHz, AND 25.9 – 26.7 GHz AT THE NATIONAL LEVEL

INVESTMENT AMOUNT: To be defined

It consists in the allocation of radio electric spectrum in the 3,300-3,400, 3,600-3,800 MHz and 25.9-26.7 GHz bands for the provision of telecommunication services. It is expected that these band frequencies will be used to enhance the provision of telecommunication services in the country and be used for 5G technologies and Internet of Things applications.

Click here for more information.

- The bidding process has not yet been called.

Other Projects Under Evaluation

SAYARI – FAP MILITARY TRAINING SCHOOLS

INVESTMENT AMOUNT: US$ 263.69 million

The project consists of the design, financing, construction, and maintenance of the new infrastructure; the periodic replacement of equipment (educational and ICT); and the provision of all services required for its proper operation (food services, comprehensive cleaning, waste management and pest control, laundry, security and private surveillance, potable water services, sanitation, electricity, transportation, and telecommunications) throughout the entire concession term.

Click here for more information.

- The bidding process has not yet been called.

CHAVIMOCHIC PROJECT – THIRD STAGE

INVESTMENT AMOUNT: US$ 450 million

This Project comprises three components:

Component 1: Design and construction of the works of the Third Stage

Component 2: Operation and maintenance of the Major Hydraulic Works of the I, II and III Stage

Component 3: Provision of water supply services to the users of the project (population, agricultural and hydropower).

Click here for more information.

- The project is expected to be awarded during the third quarter of 2027.

Works for Taxes

WORKS FOR TAXES

The project portfolio includes multiple projects at the national level and from sub-national entities (regional and local governments), to be executed through the "works for taxes" regime.

The projects to be executed under the "works for taxes" regime may include environmental, cultural, communications, sports, education, irrigation, health and sanitation, among others.
